

September 2010/2011 EDP Registration Options

The beginning of each school year is a time for readjustment and acclimation to new schedules, so we have built in added flexibility for September EDP registration to help you. For the month of September, you can register for EDP without drop-in charges and you can change registrations without incurring additional fees. Please return this courtesy by registering and making changes as far in advance as possible.

To serve those families who are sure of their EDP needs at the beginning of the school year, we offer a contract option for September registrations. Regular (3-month) EDP contracts begin in October, and contract forms can be found at the TCS Web site and the TCS main office, or e-mailed upon request.

Below you'll find forms for daily and contract registration for September EDP. Use one (only) and return to Glynis at your earliest convenience. If you choose to purchase contracts, please note that payment is due by August 27th.

September Contracts -

EDP contracts are pre-paid irrevocable advance registration agreements that cannot be modified once the contract term begins. Consider using daily registrations if you are not sure of your needs; you can always register for a later contract once you know. Feel free to contact me with any questions you might have.

Contract term: **September 8 - September 30, 2010** Check off options, sign, and return with payment to TCS by August 27th
